A Note From Pastor Derrick

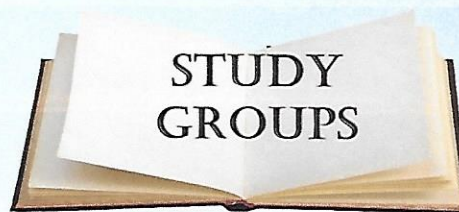

The Lord Is My Shepherd

"Praying with Confidence when
Fear is Lurking in the Shadows"

Read the book of Psalms and you'll discover there are many types. My favorite type is a Psalm of Confidence. It expresses complete and total trust in the Lord by a writer in a difficult situation even when he doesn't know how it will be resolved.

Psalm 23 is one of those types of Psalms. It is one of those biblical gems we can read for confidence and strength when fear is lurking in the shadows. What a psalm to incorporate into our prayer lives in this current cultural climate of unrest and fear!

One More Thing...

"Trouble never comes to a man unless she brings a nugget of gold in her hand."
Apparent adversity will finally turn out to be the advantage of the right if we are only willing to keep on working and to wait patiently. How steadfastly the great victor souls have kept at their work, dauntless and unafraid! There are blessings which we cannot obtain if we cannot accept and endure suffering. There are joys that can come to us only through sorrow. There are revealings of Divine truth which we can get only when earth's lights have gone out. There are harvests which can grow only after the plowshare has done its work.
