David & Gloria Thomas - David is home from Encompass Health Rehab Center and is so happy to be back in his own home. They send their sincere appreciation for your prayers. The therapy has helped; but, please continue to pray for both David & Gloria..

Continue to pray for those still in the path of Hurricane Dorian and as Pastor Derrick asked this morning, please continue to pray for all the first responders-that they will be safe and the Lord will equip them with wisdom & courage. Pray for the medical teams that will assist the injured - and pray that those that aren't affected by this storm that they will be filled with a compassion that encourages action to help those that need it.

When sorrows like sea billows roll

An Encouraging Message from Pastor Derrick

As Dorian churns in the Atlantic, take heart that the same God who made the sun stand still in Joshua's day is capable of exerting his power today. And we pray that he does and will. But regardless of which way the tempest blows, my prayer is that he gives us the peace of his presence just as he did to the disciples in the Sea of Galilee.

It is well, it is well, it is well with my soul

Those who can, do.
Those who can do more, volunteer.

PASTOR DERRICK THANKS EVERYONE WHO SHOWED UP SATURDAY TO HELP SHUTTER THE CHURCH FOR THE STORM. YOU KNOW WHO YOU ARE ! Without you it would not have happened. He is thankful for your generosity in the giving of your time.

One More Thing..

There he proved them (Exodus 15:25).

I stood once in the test room of a great steel mill. All around me were little partitions and compartments. Steel had been tested to the limit, and marked with figures that showed its breaking point. Some pieces had been twisted until they broke, and the strength of torsion was marked on them. Some had been stretched to the breaking point and their tensile strength indicated. Some had been compressed to the crushing point, and also marked. The master of the steel mill knew just what these pieces of steel would stand under strain. He knew just what they would bear if placed in the great ship, building, or bridge. He knew this because his testing room revealed it.

It is often so with God's children. God does not want us to be like vases of glass or porcelain. He would have us like these toughened pieces of steel, able to bear twisting and crushing to the uttermost without collapse.

He wants us to be, not hothouse plants, but storm-beaten oaks; not sand dunes driven with every gust of wind, but granite rocks withstanding the fiercest storms. To make us such He must bring us into His testing room of suffering. Many of us need no other argument than our own experiences to prove that suffering is indeed God's testing room of faith.

It is well with my soul. It is well, it well with my soul.
